SUMMER
JOBS

Dr. Charles V. Wright

Dr. Charles V. Wright came to Decatur in 1966 as President of East Central Junior College. Upon his arrival, Dr. Wright began a series of changes that were to make East Central a leading junior college in Mississippi. Among these changes have been: a new Agricultural-Technology Building; Vocational-Technology Facilities; Fine Arts facilities and Physical Education Complex. There have also been renovations in the Burton Library and Cross Science Buildings. The old gym was converted into a Student Recreation Center and intramurals became an active part of the students' lives. The opening of the Cosmetology and ROTC Programs were two more giant steps for East Central Junior College.

Outside his duties as President of East Central, Dr. Wright is actively involved in community affairs and spends much time with his wife and three children.

"THE PLAY'S THE THING . . ."

But our players did much more. To give us an exciting DINNER THEATRE and a marvelous MUSICAL playing to packed houses, they worked at lighting, sets, make-up, costumes, publicity, programs, prompting, directing, casting, singing, dancing - rehearsing, rehearsing, rehearsing, rehearsing! Then the PLAYERS PLAYED, and we loved it, every time!

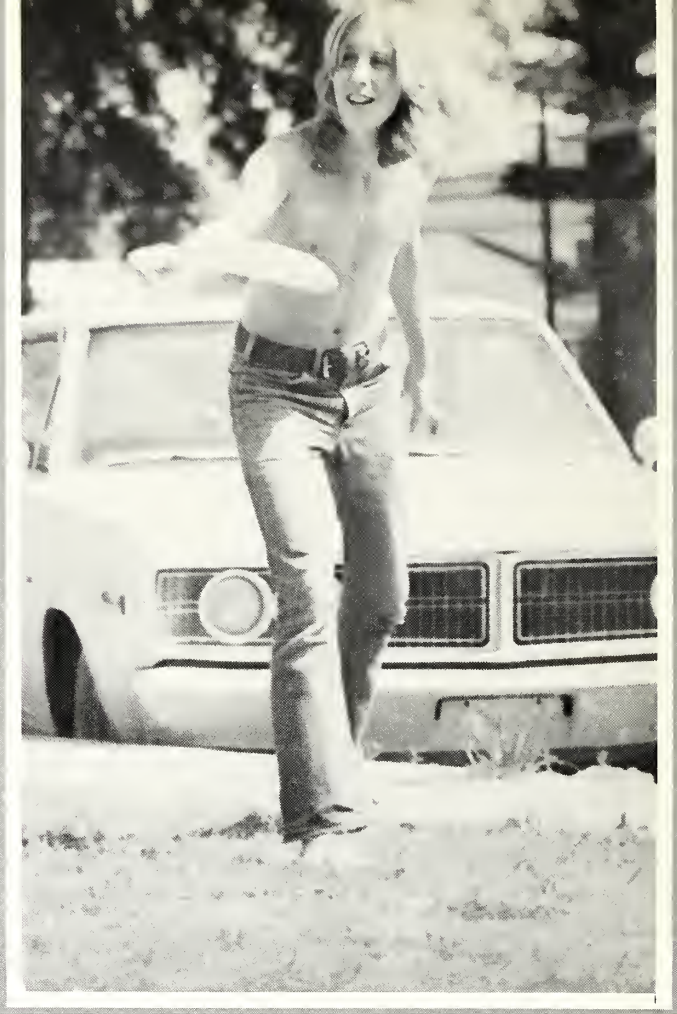
EAST CENTRAL
JUNIOR COLLEGE

CAMPUS LIFE

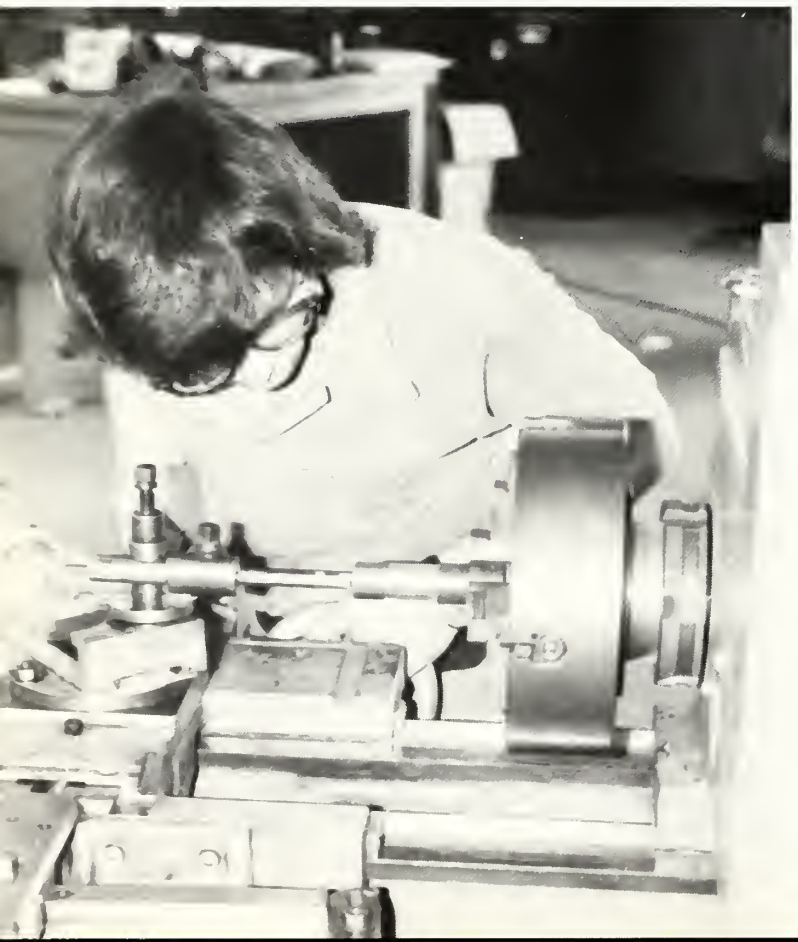


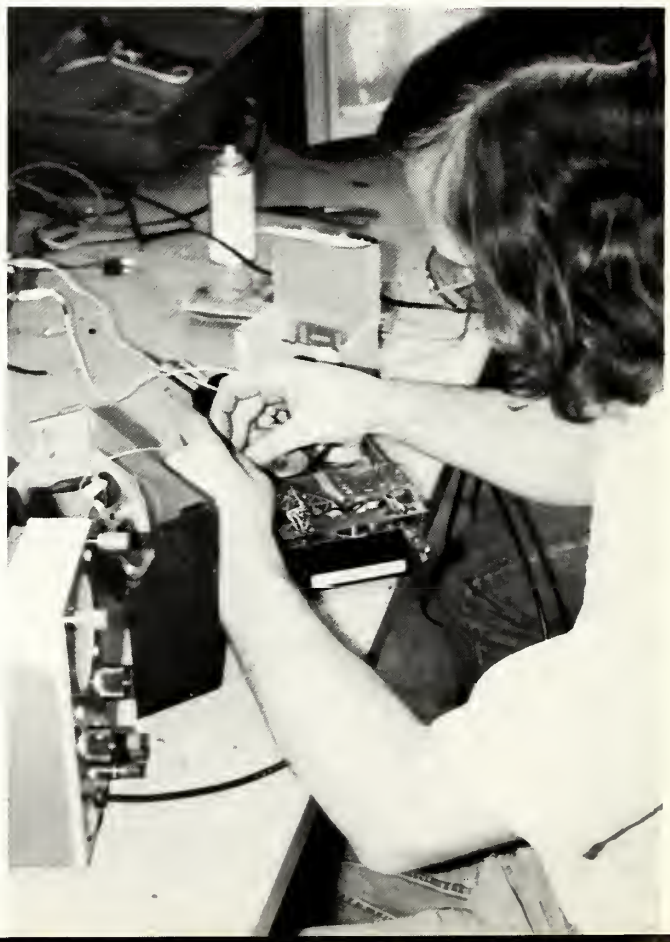
What did we accomplish by going to school at East Central?

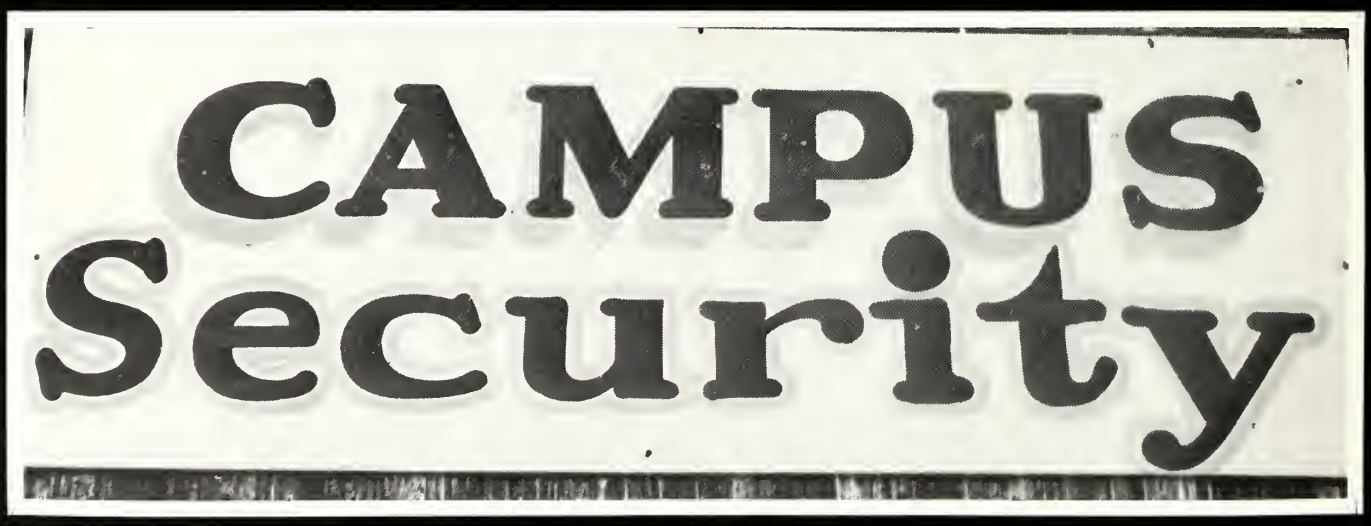
We learned about ..... COLLEGE LIFE

Just what is college life? Well, first of all, to have college life you must go to college, and if you go to college you have to study- (sometimes).

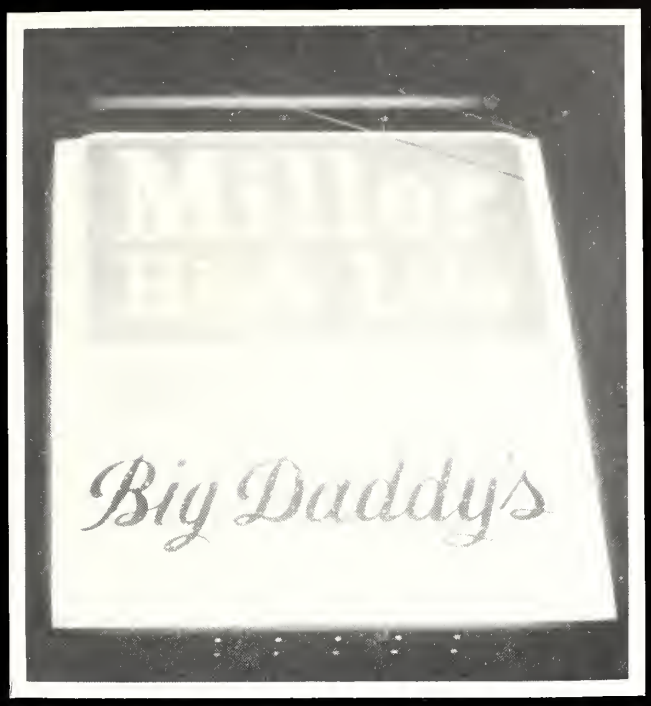
Some people just couldn't get next to biology and western civ, so they decided to study something more immediately "rewarding".







Everyone decided it was worthwhile to leave campus now and then, and since the action in Decatur is kind of slow, many hit the highway.



Big Daddy's

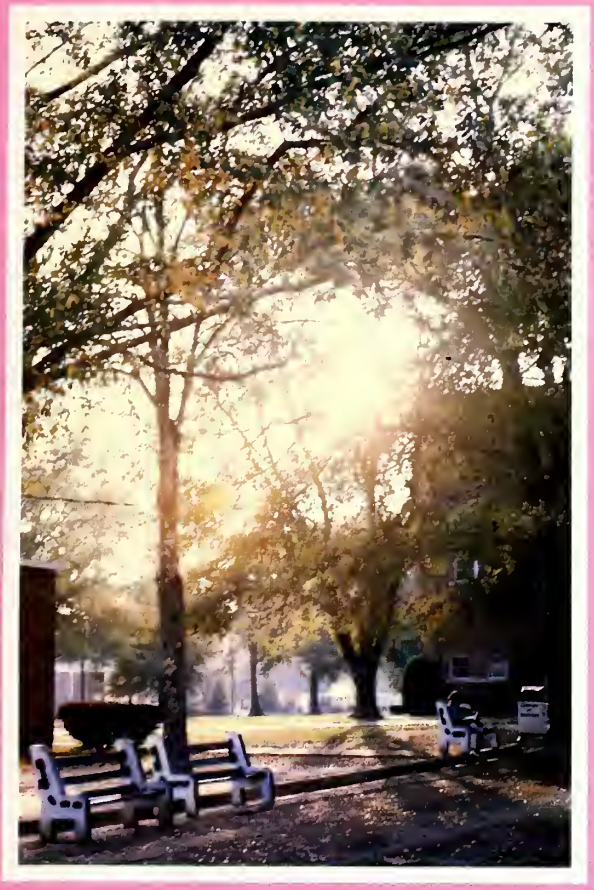
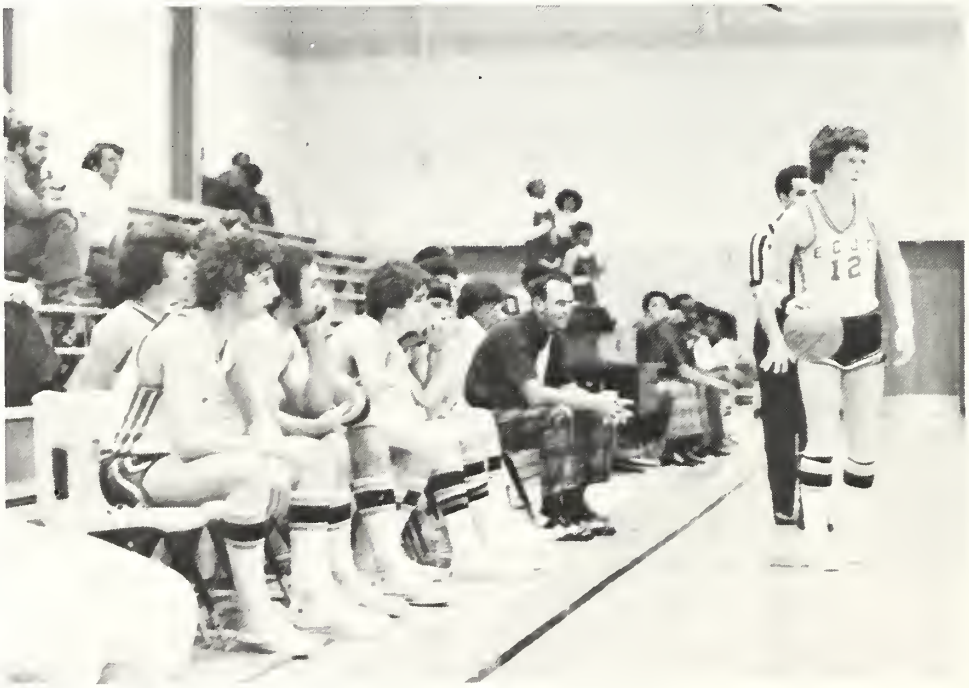
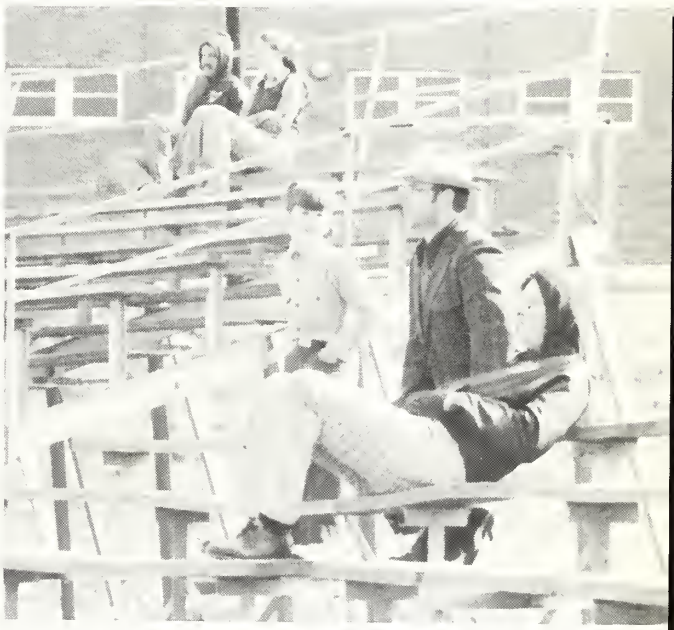
GO
WARRIORS



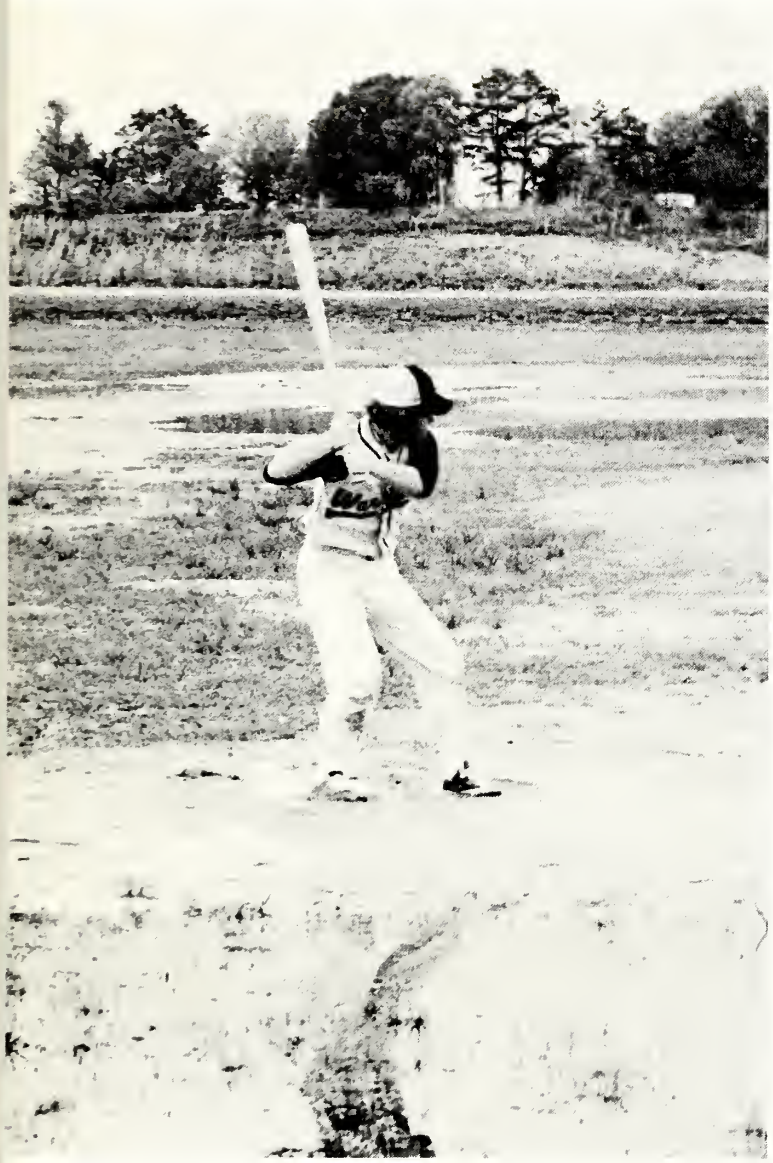
Many of us were staunch supporters of the varsity teams. Those of us who were lucky, got to see them win.

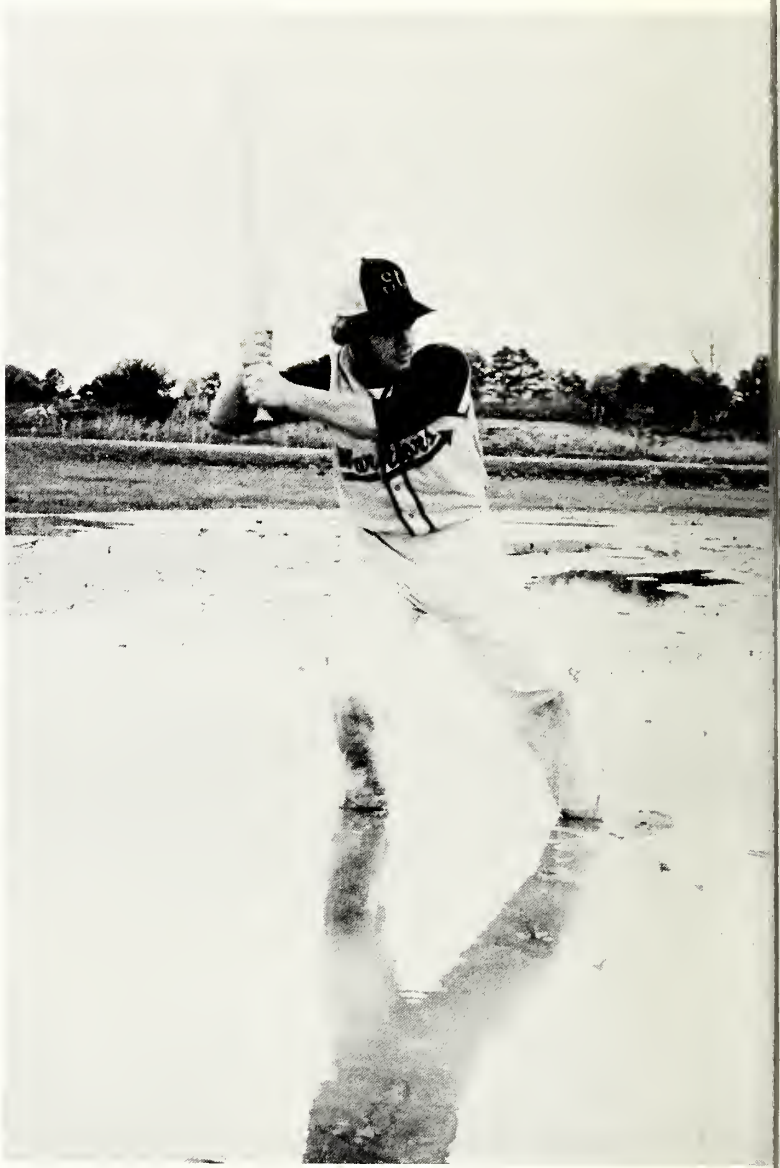




The Prom gave everybody a chance to dress up; in fact we couldn't get in unless we dressed up.

Every now and then (about every other day) it rained. For some reason we still had to go to school and occasionally that meant getting wet.





What else did we do at East Central? Well, we put on a musical for a whole week and we ate cafeteria food for a whole year; we cut class, wasted hours in the Student Center, went to the old gym everynight, took long rides through the country, and spent quite a bit of time goofing off in a million different ways.

The last steps from ECJC are the first steps toward something bigger and better So long, EC . . . Hello, World!

"There is nothing more beautiful than a rainbow, but it takes both rain and sunshine to make a rainbow. If life is to be rounded and many-colored like the rainbow, both joy and sorrow must come to it . . . those whose prosperity has been mixed with adversity become kind and gracious."

We know the rains came to him, but he gave to us only the sunshine. We learned from him to plan, to look ahead, to walk forward one correct step at a time, each step more sure and direct than the last. He was kind and gracious with us, but never did he accept less than our best, and most of all he taught us never to allow ourselves thoughts of giving less than our best, and never to stop trying to make our best even better.

He gave us the joy of learning and the sunshine feeling that comes with knowing we can reach our goals. We are grateful. We miss him.
